Better Planet
Zero Deforestation
We aim for 100% chain of custody for all timber supply globally

Better Business
Zero Emissions
We aim for 20% reduction in carbon emissions per unit delivered

Better Supply Chains
Zero Waste
We aim for zero wood waste and plastic waste to landfill

Better Communities
Helping Education
Yearly improvement in education projects contributing to our charitable donations and volunteering targets

Better Collaboration
Yearly improvement in customer collaboration projects to reduce cost and environmental impacts

Better Workplace
Create a better workplace through Health & Safety, Diversity and Inclusion and best practice Employee Engagement and Corporate Governance

Helping Food Security
Yearly improvement in food waste projects contributing to our charitable donations and volunteering targets

Helping the Environment
Yearly improvement in reforestation projects contributing to our charitable donations and volunteering targets

Brambles
2020 Sustainability Goals

CHEP
### Better Communities
- **Zero Deforestation**
  - **Main Goal:** We aim for 100% chain of custody for all timber supply globally.
  - **Strategy:** Strengthen global procurement processes to ensure timber only comes from certified suppliers that harvest timber sustainably using ethical labour standards. Verify compliance in all regions.
  - **Benefits:** Promote sustainable use of forests whilst avoiding deforestation in Brambles’ and our customers’ supply chains.
- **Zero Emissions**
  - **Main Goal:** We aim for a 20% reduction in CO₂-e per delivered unit.
  - **Strategy:** Invest in energy efficiency and in renewable energy solutions directly and collaborate to reduce carbon intensity in the supply chain.
  - **Benefits:** Address climate change whilst reducing cost and CO₂-e in our network and maintain competitiveness.
- **Zero Waste**
  - **Main Goal:** We aim for zero wood waste and plastic waste to landfill.
  - **Strategy:** Continuous improvement in our circular business model by strengthening monitoring and measurement of waste through reuse and recycling in all regions.
  - **Benefits:** Reducing dependencies and impacts on natural resources whilst reducing cost and waste in our network and maintain competitiveness.

### Better Business
- **Better Supply Chains**
  - **Main Goal:** We aim for continuous improvement in sustainable packaging and waste in customer supply chains through the use of our products and services.
  - **Strategy:** Brambles will continuously measure and improve the circular pooling model and focus on reducing the environmental impacts of our product and services.
  - **Benefits:** An improved circular pooling model helps our customers to efficiently deliver their products. It also reduces the financial and environmental impacts versus non reusable alternatives.
- **Better Collaboration**
  - **Main Goal:** We aim for continuous improvements in packaging waste, food waste and CO₂-e through collaboration with suppliers and customers.
  - **Strategy:** Brambles will use its unique position in the supply chains to promote collaboration with suppliers and customers. This will improve productivity and reduce environmental impacts.
  - **Benefits:** By taking a holistic systems approach to supply chain sustainability and sharing our network knowledge with customers, Brambles can create opportunities to optimise our own and our customer’s supply chains.
- **Better Workplace**
  - **Main Goal:** We aim for 25% reduction in the Brambles Incident Frequency Rate (BIFR) on the 2015 levels.
  - **Strategy:** We aim to create a better workplace through continued focus on Health & Safety, Diversity and Inclusion, Employee Engagement and Corporate Governance.
  - **Benefits:** Better Workplace provides our employees with fulfilling work and contributes to a prosperous society. A well governed, safe, diverse and engaged workforce has a direct relationship with customer satisfaction, financial results and attracting and retaining talent.

### Better Planet
- **Helping Food Security**
  - **Main Goal:** Yearly improvements in food waste projects in each region. This forms part of our 0.7% pre tax profit donation and aim of 1 volunteering day per employee.
  - **Strategy:** We aim to address food security issues throughout the entire supply chain from growers to customers using our innovative platform solutions and by supporting food waste initiatives and FoodBanks in each region globally.
  - **Benefits:** Food waste and food security programs have social and environmental benefits and engage and educate our employees on the importance of food waste and food security.
- **Helping Education**
  - **Main Goal:** Yearly improvement in education projects in each region. This forms part of our 0.7% pre tax profit donation and aim of 1 volunteering day per employee.
  - **Strategy:** We aim to promote education through our volunteering activities and partnering with external organisations to equip the next generation and maximise positive social impact.
  - **Benefits:** Education programs have community benefits and engage and educate our employees on the importance of equal access to quality education.
- **Helping the Environment**
  - **Main Goal:** Yearly improvement in reforestation projects in each region. This forms part of our 0.7% pre tax profit donation and aim of 1 volunteering day per employee.
  - **Strategy:** Promote and contribute to reforestation projects through partnership alliances and volunteering opportunities.
  - **Benefits:** Reforestation programs have habitat and biodiversity benefits and engage and educate our employees on the importance of sustainable forestry.

A full description of the main goals and supporting goals is available on the Brambles website.
